WRA CONNECTION

A Message from the President...
As the 2010 WRA president, I would like to take this opportunity to extend my best wishes to all of our members. I am very excited to have been elected president of this amazing board. This year the board has identified some key goals that we anticipate will enhance WRA’s mission of promoting ethical and excellent practice in rehabilitation through collaboration, education and advocacy. These goals are again outlined in this issue of the newsletter (see page 3). I believe that in 2010 our members will see improved outreach, communications, and participation opportunities. Thank-you all for your support of WRA and of me.
